Official Paper of the City.

Bar Meeting—Death of Judge Keep.

At a meeting of the bar of the state of Wisconsin, called for the purpose of expressing the sentiments of the members of the bar at the death of Judge Keep of Beloit, Joseph A. Sleeper, esq., of Janesville, was called to the chair, and Chas. A. Wood of Madison appointed secretary.

On motion of Hon. N. M. Strong of Mineral Point, it was ordered that the resolutions of the bar of the first judicial circuit on the occasion of the death of Judge Keep, be presented to the supreme court by the chairman of this meeting at such time as he shall see fit, with a request that they be placed upon the records of the court.

After remarks by Geo. B. Smith and S. U. Pinney, esqrs., expressive of their respect for the deceased, the meeting adjourned.

J. A. SLEEPER, Ch'n.

CHAS. A. WOOD, Sec'y.

PERSONAL LIBERTY LAW.—The Madison Argus says that a caucus of republican members agreed to support the amendments reported by the senate judiciary committee to the personal liberty law, and that the bill reported will receive the support of all parties.

A LARGE VERDICT SET ASIDE.—The supreme court, last Tuesday, annulled the verdict of the circuit court of Milwaukee, of some \$16,000 against the state, in favor of Calkins and Proudfit. The court decided that the evidence ruled out should have been admitted. Also, that the parties having given receipt in full to the state, were stopped from legal proceedings against it. The court also decided that the Argus is entitled to publish the laws under the statute and its contract.

ROBERT J. WALKER.—A Washington correspondent says—"Robert J. Walker has suddenly become a millionaire, by the decision made yesterday in the supreme court, involving the title to a quicksilver mine in California, estimated to be worth millions of dollars. Mr. Walker is proprietor of one-fifth of this valuable mine, and was offered not long ago \$2,000,000 for it, provided the court should give a favorable decision. That decision has now been given, and Mr. Walker, who was, to use his own words, 'a beggar in the morning,' went home to dinner a millionaire. The disastrous condition of the country may, however, prevent his immediate realization of his expectations."

The Broadhead Independent declares its preference for Judge Cole for as social justice of the supreme court. It says—"No man in the state is better qualified for that office than Judge Cole. His ability, integrity and experience render him a valuable acquisition to the supreme bench, and the state can ill afford to dispense with his services."

"We are pleased to see that his response to the numerous calls that have been made upon him to become a candidate at the approaching election, has been favorable.—The honor and integrity of the state demand his triumphant re-election."

CONTRADICTED.—The report that Miss Lane, the niece of President Buchanan, who has taken care of the domestic arrangements of the White House for the last four years, was married, is contradicted. If the news makers in Washington won't tell the truth about so plain a matter as that, what credit should be attached to their stories about more important things?

SUPREME JUDGE.—A correspondent of the Waukesha County Democratic nominates I. P. Walker for supreme court judge.

FREDERICK W. SEWARD.—Speaking of the appointment of Frederick W. Seward as assistant secretary of state, the Albany Evening Journal says:

"This appointment will necessarily involve the absence of our associate for a time, but he still retains his proprietary interest in the Journal, and, when his obligations elsewhere will permit him to do so, he will return to his editorial duties with a great deal more pleasure than he left them."

WISCONSIN IN WASHINGTON.—Gen. King who is in Washington, writes to the Sentinel, under date of the 8th, as follows:

"Our Wisconsin delegation meet to-morrow, to talk over Wisconsin appointments. It will probably take them some days to arrive at a conclusion. The list of candidates is large and embraces the names of many leading republicans. The disposition of our members is to reflect, as nearly as possible, the wishes of their constituents, and to recommend such appointments as, in their judgment, will be most acceptable to our friends at home."

A correspondent of the Philadelphia Inquirer, writing from Charleston, March 23, says:

THE FLOATING BATTERY A FAILURE.—Jefferson Davis, who has been expected here now for some days, and will probably arrive to-morrow, is to come, it is said, for the purpose of inspecting the forts, and the floating battery, and reviewing the troops. With regard to the floating battery, a Pennsylvanian who was engaged in the construction of it, very felicitously observed to me last night, that "when Jeff. Davis sees it, he'll fail." It is a miserable failure, utterly useless, and only proves the utter incapacity of its projectors. It is no wonder that the public are not admitted to the wharf near which it is moored. It is a laughing-stock with all who are in the secret, and the secret is that, when half a dozen guns are mounted upon it, the powder won't keep dry, as a large portion of the guns will be below the water's edge."

It is the greatest humbug with which the people have yet been deluded, and is, indeed, a fit subject for ridicule. The Richardson Guard was the company detailed for service on this fizzle, and forty men only, Irish and Germans, were drawn for the purpose. A mutiny was the consequence, and the company has been broken up.

A MODEL EXCUSE.—A teacher in one of our city schools lately received the following note: "Please excuse — for being late and charge the same to my account."

## WISCONSIN LEGISLATURE.

CONDENSED FROM THE MILWAUKEE SENTINEL.

MADISON, March 12.

In the SENATE, Mr. Hutchinson introduced a bill to fix the salary of the Attorney General, and to amend certain sections of revised statutes relative thereto. It fixes the salary at \$2,000 and cuts off outside attorneys' fees against the state.

The committee on the judiciary made a report relative the Personal Liberty Law.

The report was somewhat lengthy and quite able. It recommends that section 52 of said chapter be amended by striking out all the word "protect" in the fifth line, and inserting in line thereof "such person against unlawful seizure, arrest or detention."

Also to repeal sections 55, 56, 57, 58, 59, 60 and 61 of said chapter.

The bill to exempt \$1,000 worth of printer's materials, which had passed the Assembly, occasioned a long debate yesterday, and to-day was killed by having its enacting clause stricken off.

In the ASSEMBLY, Mr. Keogh's resolution thanking President Buchanan for pardoning Mr. Booth, &c., was laid on the table, ayes 55, nays 18.

The committee of the whole discussed the dog law for a long time, and acted on several bills of no general importance.

Mr. Graham's bill, to require all taxes on lands to be paid before any paper affecting the title can be recorded, elicited a debate of an hour in length—Graham going for the bill, and Spooner, Ruge and Palmer against it. Ordered engrossed.

MADISON, March 13.

In the SENATE, a long discussion ensued over a bill to enable the city of Watertown to settle with her bondholders. The bill contained a provision that all railroads in Watertown should be liable to taxation for local purposes, which occasioned the discussion.

Several senators expressed themselves favorable to the general provisions of that measure, but were not in favor of it as a local bill. The provision was stricken out of the bill by a large majority. The bill was then read and committed to a select committee, with instructions to report to-morrow.

In the ASSEMBLY, a resolution to adjourn on the 1st day of April was rejected.

Mr. Pickett introduced a bill to amend the Revised Statutes as to fees of jurors, so as to make parties pay five dollars for jurors' fees, as Wood's brother Ben. holds mortgages on all his property.

A number of bills passed, but very few of any general importance. Among the latter was—

Amend the act declaring the 22d of February and 4th of July legal holidays.

This is to correct an error of enrollment which made notes payable on succeeding, instead of preceding day, as was intended.

To amend law of 1860, of appeals, writs of errors, etc.

Reducing the license of foreign insurance companies.

Concerning the liability of inn-keepers. The bills to amend statute of inquests of the dead, and regulating appeals from super-visors were indefinitely postponed.

From WASHINGTON.

[Special Despatch to the Cincinnati Gazette.]

WASHINGTON, March 11.

The special pleading of the late Secretary Floyd, excites the mingled emotions of admiration at its audacity, and indignation at its hypocrisy and falsehood. His eagerness to shift all blame upon Bailey, a mere disbursing clerk in the department of the interior, while he elaborately defends, in another part of his apology, his over-issue of near a million dollars of acceptances, is characteristic of detected roguey.

Fox Sumter has been fired upon, and responded. The Charleston News of Friday evening says: "Early this morning, between six and seven o'clock, while cleaning out the guns at the iron battery at Cummings Point, a ball contained in one of the guns struck near the gate at Fort Sumter. Major Anderson immediately opened his battery on that side, but a boat was disengaged from the Spanish consul, and went to Havana, who feared the result of a vote on the question.

STOPPING A DOG FIGHT.—At a chance dog fight in Cleveland, last week, chloroform had to be administered to the "upper dog" to make him release his hold of his weaker opponent. Immediately after inhaling the subtle fluid the animal relaxed his grasp, and fell insensible, in which condition he remained for some time.

A LITTLE MORE GRAPES, CAPTAIN BRAGG.—Col. Braxton Bragg, of Buena Vista memory, has been appointed brigadier general for the confederate states.

The legislature of New Mexico has adjourned and left unpealed the slave act, much to the joy of the pro-slavery members, who feared the result of a vote on the question.

A little girl of four years old was recently called as a witness in a police court, and in answer to the question as to what became of little girls who told lies, she innocently replied that they were sent to bed.

OLIN IN CANADA.—The London (C. W.) Prototype says thirteen car loads of oil arrived from Lambton on Thursday. A gentleman from Strathearn describes the people of the oil spring district as perfectly wild with excitement. Property in the immediate neighborhood of the best springs has gone up to fabulous prices, and stores, taverns, &c., are springing up, where a few months ago it was almost a wilderness.

The new British bankruptcy bill, to go into operation October next, contains 256 clauses.

The excavations at Pompeii have been re-commenced with some success.

President Polk in his inaugural address, in speaking of the Union, said, "no treason to mankind since the organization of society, would be equal in atrocity to that of him who would lift his hand to destroy it."

The total amount of duties collected by the United States government during the year ending Jan. 30, 1860, was \$4,000,000 against \$49,000,000 during the year ending Jan. 30, 1859.

The first ass't. P. M. Gen., who is from Illinois and not Iowa, entered on the discharge of his duties to-day.

Hon. C. C. Washburn declines the commissionership of the land office.

ANOTHER LYNX KILLED.—On Friday last another lynx, measuring over seven feet in length, was killed within a mile of this place by Lewis Gray. Mr. Gray had no weapon but his ax. His dog attacked the lynx, and while they were fighting, Mr. Gray struck his lynxship with the ax and killed him.—*Marietta Star*.

FOUND DEAD.—On Wednesday of last week, a dead man was discovered on Lyon's marsh, in the town of Chester, this county, about seven miles south of Waupun. His name and residence is unknown. By an uncurt one dollar bill found on his person, he was recognized as a traveling watchman, who was seen in that vicinity last December, and who at that time tried to buy something to eat with said bill, but failed to do so. It is therefore supposed that the body has lain under the snow since about that time, and that his death was caused by starvation and exposure, the legitimate result of some shipwrecked banking concern.—*Huron Argus*.

A new and useful invention in being introduced on some of the eastern railroads, by which travelers can be answered a question with which conductors are much bored, viz: "What is the next station?" The invention consists of a table constructed on rollers in the same manner as a counting house, by turning the roller, places the name of the station before the eyes of the Brooklyn boys.

The Memphis Argus says that "the inaugural is worthy of the most profound attention, and is not to be pronounced upon on a single reading, or thoroughly mastered in a day. It is, in its wonderful condensation complicated; so are the affairs of these states."

The New York correspondent of the Buffalo Commercial Advertiser says, it is rumored that Mayor Wood and his new, "pretty, foolish, and very young bride," do not get on well, and do not often take their meals together. The reason assigned is that the bridegroom promised before marriage to settle with his parents pay five dollars on all his property, as Wood's brother Ben. holds mortgages on all his property.

The schooner Restless of Great Egg Harbor was seized yesterday for trading to foreign ports without a register. She sailed from Philadelphia to Mobile in January, gave up her coasting license and applied to the collector for a register, which the collector would not furnish, stating that he had ceased to be a U. S. officer. The captain entered his protest countersigned by the Spanish consul, and went to Havana, whence he passed to this port with cargo.

WASHINGTON, March 14.

Gen'l. Bragg has assumed command of the forces of the confederate states.

The Charleston Courier states that the batteries bearing on the ship channel are of the heaviest kind, and that they are now in high state of preparation and ready for any force that may be sent against them.

It believes the reinforcement of Fort Sumter an impossibility. It estimates that there are 3,000 highly disciplined troops in the various fortifications.

The Courier also states that official information will soon be received that the \$15,000,000 loan of the confederate states has been taken at a premium probably of 6 per cent.

HARRISBURG, Pa. March 14.

## LOCAL DEPARTMENT.

## County Expenses.

The statement we publish, from the clerk of the county board of supervisors, of the receipts and expenses of the county for the year 1860, will be interesting to every taxpayer. It will be found on the first page.

The official statement shows the amount of one item of expense upon which there has been a persistent and malicious misrepresentation. We have been charged with receiving from the county over three thousand dollars during the past year. The entire amount paid us for all the advertising and printing during that period was \$1,075.65. Of this, \$673.40 was for advertising, mainly tax lists, on which the state fixes the price, and which the county collects back with 25 per cent interest. Our bill for job printing of every description was \$202.25. The Beloit Journal received, during the same time, \$298.25 for advertising tax lists, and \$25 for printing assessment blanks. Thus the entire expense of the county for advertising was \$1,171.65, and for printing \$202.25, making a total of \$1,393.90, with perhaps an addition of \$10 for printing in the record books of the county, which is included in the bill of the bookbinder.

We make this statement because some persons well-disposed towards us have been misled and deceived by the falsehoods industrially circulated in relation to this matter, and as an illustration of other reports emanating from the same source.

JUDGE CRAWFORD.—A meeting of the bar of the state was held in Madison, on the supreme court room, last Tuesday, for the purpose of giving expression to their sympathy and regret at the death of the late Hon. Samuel Crawford.

Appropriate and affecting remarks were made by Hon. Geo. B. Smith, Gen. S. P. Cox and others.

Resolved, That we share with the entire bar and people of the state, in their sense of affliction, produced by this mournful event; and we cherish with respect and honor the memory of our deceased brother.

Resolved, That we tender to the afflicted family and numerous friends of the lamented dead, our sincere sympathy in this our deep bereavement.

Resolved, That the chairman is directed to present the proceedings of this meeting with a request that the same be entered up on the records of the court, and a copy be sent to the family of the deceased.

State ex. rel. Ros vs. Nogale, Judge, &c. Opinion by Justice Paine. Motion for preliminary writ of mandamus denied.

Ros vs. Nicholson. Opinion by Justice Cole. Judgment affirmed with costs and 7 per cent. damages.

POSTMASTER IN BELLOTT.—We hear that a private telegraph has been received here stating that L. G. Fisher has been appointed postmaster in Beloit.

BASE BALL.—The Janesville Base Ball Club will meet for practice to-morrow afternoon at 3 o'clock, at their old play grounds on the court house hill. Every member is requested to be on hand.

R. P. YOUNG, Secretary.

UNITED STATES DISTRICT COURT—DECISIONS BY JUDGE MILLER INVOLVING \$50,000.—The case of Bronson and Souter trustees, against the LaCrosse and Milwaukee railroad company, to foreclose a mortgage on the line of the road from Milwaukee to Portage City, for one million dollars; and also the case of Bronson, Souter and Knapp trustees, against the same company, to foreclose a mortgage on the land grant and the line of the road, from Portage City to LaCrosse for four million dollars, were decided yesterday. Judge Miller read two elaborate opinions in those cases. The result was, that the second mortgage bonds were reduced from one million to five hundred thousand. Nineteen hundred and ninety-one thousand of the first issue of the land grant bonds were allowed at par; five hundred and nine thousand, the remainder of the first issue, and the second issue of one million five hundred thousand dollars were reduced to forty per cent.

The whole amount of both mortgages is five million dollars. The deduction amounts to one million seven hundred and five thousand four hundred dollars, which reduces the debt on these two mortgages to three million two hundred and ninety-four thousand six hundred dollars.

It is understood that the judge has consented to furnish copies of the opinions for publication, and that they will be published in a few days.—Wisconsin.

Something Interesting to Everybody.

We would take the pleasure of informing the citizens of Janesville that the branch of the original New York One-Dollar Jewelry Establishment has just opened, at May's buildings, 8 doors west of the Post Office, one of the finest stock of

A COOL STATEMENT.—We find the following paragraph in the Charleston Mercury:

THE SLAVE BRIG BONITA IN THE HANDS OF THE GEORGIA AUTHORITIES.—This vessel, a slaver that was captured on the coast of Africa and taken into Charleston, and subsequently removed to Savannah, has been taken in charge by Gov. Brown, and a guard of enlisted men from the Georgia naval coast guard has been put on board. The vessel will be thoroughly armed and equipped for the defense of the coast.
